EUGENICS QUARTERLY

INDEX
Volume 1, 1954

American Eugenics
Society, Inc.
230 Park Avenue, New York 17, N. Y.

AMERICAN EUGENICS SOCIETY, INC.

230 PARK AVENUE, NEW YORK 17, N. Y.

OFFICERS and BOARD OF DIRECTORS

PRESIDENT
C. NASH HERNDON, M.D., Geneticist, Bowman Gray Medical School, N. C.

VICE PRESIDENT
HARRY L. SHAPIRO, Curator of Anthropology, American Museum of Natural History.

TREASURER
CHAUNCEY BELKNAP, Lawyer, New York City.

SECRETARY
FREDERICK OSBORN

HONORARY SECRETARY
MAURICE A. BIGELOW, Prof. Emer. Biology, Columbia Univ., President AES, 1940-45.

GORDON ALLEN, M.D., Research Division, National Institute of Mental Health.

WILLIAM A. M. BURDEN, Business Administration, New York City.

ERNEST W. BURGESS, Professor Emeritus of Sociology, University of Chicago.

ROBERT C. COOK, American Genetic Association, Washington, D. C.

KINGSLEY DAVIS, Professor of Sociology, Columbia University.

WATSON DAVIS, Director, Science Service, Washington, D. C.

LEE R. DICE, Director, Institute of Human Biology, University of Michigan.

JOSEPH K. FOLSOM, Professor of Sociology, Vassar College.

ALAN F. GUTTMACHER, M.D., The Mount Sinai Hospital, New York City.

FRANK H. HANKINS, Professor Emeritus of Sociology, Smith College.

HELEN JUDY-BOND, Professor of Home Economics, Columbia University.

FRANZ J. KALLMANN, M.D., Geneticist, N. Y. State Psychiatric Institute.

MRS. SHEPARD KRECH, Treasurer, Maternity Center Association, New York City.

CHARLES A. LINDBERGH

FRANK LORIMER, Professor of Population Studies, American University.

ARTHUR E. MORGAN, President, Community Service, Inc., Yellow Springs, Ohio.

EMILY MUDD, Director, Marriage Council of Philadelphia.

GARDNER MURPHY, Director of Research, The Menninger Foundation.

FRANK W. NOTESTEIN, Director, Office of Population Research, Princeton, N. J.

CLARENCE P. OLIVER, Professor of Zoology, University of Texas.

MRS. DOROTHY ISELIN PASCHAL, Constitution Laboratory, Columbia University.

WARREN S. THOMPSON, Scripps Foundation for Population Research, Miami University.

BRUCE WALLACE, Research Associate, Long Island Biological Association, Cold Spring Harbor.

INDEX

Volume 1, 1954

Acta Geneticae Medicae et Gemellologiae, 268, 269
Allen, Gordon, 74–76, 203, 204, 265, 266, 268–271
American Eugenics Society, and EUGENICS QUARTERLY, 1; the role of, 79; annual meetings, 66, 260; printed materials, 64, 80, 208, 272
American Journal of Human Genetics, 74–76
American Naturalist, 75, 76
American Sociological Review, 77, 271
Anastasi, Anne, 155–160
Archives of Neurology and Psychiatry, 270

Baroff, George, 71, 72
Berens, Conrad, 16–26
Birth control, and size of family, 27; and differentials between social groups, 28, 29; and spread of, 31; in Puerto Rico, 176–181
Book reviews, "Challenge of Man's Future," 57–58; "Clinical Genetics," 265, 266; "Cohort Fertility," 200, 201; "Colonial Development of Population in Taiwan," 201, 202; "Determinants and Consequences of Population Trends," 264, 265; "Free and Unequal," 266, 267; "Höchstebegabung," 71, 72; "Limits of the Earth," 72, 73; "Nature and Nurture," 267; "World Population and Production," 56–57
"Break-up of Isolates," 148–154
British Journal of Preventive and Social Medicine, 74
British Medical Journal, 76, 268
"Burgess-Wallin Report," 52–55

Chambers, Rosalind, 21–27
"Changes in American Marriage Patterns," 254–260

"Detection of Carriers of Recessive Genes," 166–170
"Diabetes, Pregancy, and Modern Medicine," 191, 192
"Distribution of Genes Affecting Characteristics of the Population," 225–229

Editorial Comment, 1–3, 145–147, 209–214
"Effect of Birth Control on Intelligence and Character of Succeeding Generations," 27–31
Eugenics, negative, 1, 2, 16, 170; positive, 2, 3, 30, 31; and sex education, 39–46 and improvement of marriage, 52–55; trends in, 206, 207; and a research program, 209–212; and medical costs, 207, and tuition aid, 206, 207
Evolution, 269

Falls, Harold F., 166–170
Family allowances, history of, 21, 22; in Great Britain, 22, 23; in Canada, 23, 24, 206; in Australia, 25; in New Zealand, 26; in Scandinavia, 182–190; in U.S., 145, 146, 206; and distribution of births, 146, 147
"Family Allowances in Great Britain, Canada, Australia, and New Zealand," 21–27
"Female Sterilization in Puerto Rico," 3–9
Fertility, and average size of American families, 4–11; and future U.S., 11–15; and intelligence among mentally deficient, 44–52; its relation to I.Q., 28, 29; of Congregational ministers, 32–38; and social and psychological factors, 180, 181; and family allowances, 185-189
"Fertility and Intelligence Among Families of the Mentally Deficient," 44–52
Folsom, Joseph, 52–55
Fuller, John L., 28–43
Foote, Nelson, 254–260
"Future Fertility of American Women," 4–15
"Future Population Prospects in the United States," 240–243

Gartler, Stanley, 266, 267
Gedda, Luigi, 171–175
Genetics, and population studies, 10–15; and intelligence, 27–28; research in, 174, 175; and changes in the gene mass, 225, 226; and anti-selection, 226, 227; and the psychoses, 227, 228; ABO blood groups in India, 235; and Rh factor in Bombay, 236; and frequency of consanguineous marriages in India, 237, 238; and racial intermixture, 248–251
"Genetic Diversity in the People of Western India," 235–239
"Genetic Studies of Population," 10–15
Gille, Halvor, 182–190
Goldberg, Jacob, 39–46
Guttmacher, Alan F., 191, 192

Heredity, and joint diseases, 16–20; and learning ability in infrahuman mammals, 28–42; and the eye, 16–26; and environment, 165; and deafness, 193–199; in physical and mental deficiencies, 215, 216; and medico-genetic registries, 218; and prevalence of disease, 219, 220
Heredity, 269
Heredity counseling department, 47–51, 64–66, 191, 192, 261–263
"Heredity and Deafness," 193–199
"Heredity and the Eye," 16–26
"Heredity of Joint Diseases," 16–20
"Heredity and Learning Ability in Infrahuman Mammals," 28–43
Hill, Reuben, 58–63
Herndon, C. Nash, 53–57, 64–66
Hopkins, Louise, 193–199

Intelligence, and mentally deficient, 44–52; in Blue Ridge Mountains, 53–57; and social-class differences, 27; and fertility, 28, 29, 243, 244; and family size, 155–160; and a eugenics program, 210, 211; and investigations of test scores, 221; and cultural bias in tests of, 221; and development of culturally intermediate tests, 223, 224; and social environment, 245
"Intelligence, Fertility, and the Future," 244–247
Intelligence in Family Groups in the Blue Ridge Mountains," 53–57

Jackson Laboratory, 11, 28, 33

Kemp, Tage, 215–220
King, James C., 267
Kirk, Dudley, 264, 265
Kiser, Clyde, 76–78, 200, 201, 204, 205, 270, 271

"Leveling of Differential Fertility Trends in the Netherlands," 230–234
Lewit, Sarah, 32–38

Mair, George F., 201, 202
Marriage, and research, 58–63; and the break-up of

isolates, 148–154; and decline in dependence of women, 254, 256; and division of labor, 256; companionship in, 257; conflict in women's role in, 257, 258; and eugenics, 52–55;
"Marriage and Family Research," 58–63
Maxwell, James, 244–247
"Muscular Dystrophy and Cancer," 261–263

"Needed Research," 161–165
Neel, James, V., 166–170
News Notes, 63

"Origin and Evolution of Man," 67–70
Osborn, Frederick, 27–31, 67–70

Paddock, Elton F., 248–251
Palm, J. D., 44–52
"Pattern of Birth Control in Puerto Rico," 176–181
Periodical abstracts, 59–61, 74–78, 203–205, 268–271
Population, and Scandinavian policies, 182, 184; studies of, and genetics, 10–15, 229; studies of, and intelligence, 221–224; and fertility trends in Netherlands, 230–234; and future fertility of U.S., 4–15, 240, 243; and isolates, 148–154
Population, 77, 78, 270
Population Studies, 77, 78, 270
"Prevalence of Genetically Based Physical and Mental Deficiencies and Frequency of Related Genes," 215–220

"Recent Changes in Fertility of Congregational Ministers," 32–38
Reed, Elizabeth, 44–52
Reed, Sheldon, 44–52
Rife, David, 248–251

Sanghvi, L. H., 235–239
"Scandinavian Family Allowances," 182–190
Science, 74, 268
Scott, J. P., 28–43
"Sex Education and Eugenics," 39–46
Sjögren, Torsten, 225–229
Social Forces, 76, 77
Stecher, Robert M., 16–20
Stephens, Fayette, 261–263
Stern, Curt, 15, 161–165
Stolnitz, George, 56–57
Stycos, J. Mayone, 3–9, 176–181
Sutter, Jean, 148–154

Tabah, Leon, 148–154
"Tested Intelligence and Family Size" 155–160
Thompson, Warren, 72, 73, 240–243
Tietze, Christopher, 32–38
"Trends in Eugenics," 206, 207
Twin studies, in American Eugenics Society, 79; of Gedda and Capelli, 171, 172; and population studies, 173; and hereditary diseases, 175, 174
"Twin Studies," 171–175

"Use of Intelligence Tests in Population Studies," 221–224

Van Den Brink, T., 230–234
Vernon, Philip, 221–224

Wallace, Bruce, 10–15
Westoff, Charles, 57, 58
Whelpton, Pascal K., 4–15
World Population Conference, its organization, 1, 2, 62; papers from, 148–154, 215–246, 254–259; human genetics in, 212, 213; in retrospect, 252, 253
